4th Tunisian Chemical Society Conference On Coordination Chemistry

29 September to 02 October 2022

**Blue Marine Hotel (Former Laico)
Yasmine Hammamet, Tunisia**

JCC 2022 Highlights

Objectives

This is the 4th edition of the Tunisian Chemical Society Conference on Coordination Chemistry which aims at providing a forum for discussions of all aspects of coordination chemistry and to give an overview of the state of the art in this field. Young chemists are particularly encouraged to participate, and they will find answers to questions that stimulate their continued research. Six subsections will focus on frontier topics of coordination chemistry, including recent results that would impact our daily life, such as development of new ligands for drug design, catalysts for modern plastics and functional nanomaterials. The meeting will help scientists to identify important applications of coordination compounds. The conference will bring together not only coordination chemists but also organic and analytical chemists as well as scientists with academic (biology, medicine, physics) or industrial background to share scientific knowledge in an interdisciplinary atmosphere and to foster collaboration between these scientists. This will generate significant impact regarding future research in coordination chemistry on an international level.

Topics

Topics of interest for submission include, but are not limited to:

1. Ligand Design in Organic Synthesis
2. Metals in Biology, Medicine and Materials
3. Metal Complexes: Structure and Reactivity
4. Catalysis, Environment
5. Energy and Sustainable Materials
6. Computations and Theory

Program

The program of **JCC 2022** includes:

- Invited Lectures (35 minutes)
- Oral communications (15 minutes) and Posters presentations sessions
- An exhibition of scientific equipment

A PDF booklet containing all the conference abstracts and papers will be available for download from the JCC2022 website. Authors are required to provide an abstract of their researches on an **A4 page** in MS-Word format according to the following instructions:

- Superior margin of 4 cm, 2.5 cm margins for the other margins. A template model is available for download in **JCC 2022 website**.
- Font typeface: **Times New Roman** and lines spacing: **1.5** for the whole document
- Title: 14, centered, bold
- Authors' names: 12, centered, with presenting author's name underlined
- Authors' affiliation: 10, centered, italic
- Text: 12, justified

Posters Presentation

Posters should be 1.20 m high and 0.90 m wide. Abstracts of posters will be numbered and listed in the final program. Different sessions will be held for poster presentations. Authors are requested to be next to their posters during the official poster sessions.

**Deadline for registration and abstracts submission
(Registration page will be disabled)
15 August 2022**

**Abstracts are to be sent to the following email address:
Please specify if it is an oral or poster communication
4thjcc2022@gmail.com**

Participation fees

* Participants from inside Tunisia

For members of the SCT, the cost of participating in the JCC 2022 are:

Academic	550 TD
Industrials	700 TD
Accompanying Person (Double occupancy room)	350 TD
Children (4 to 12 years, staying in the parents' room)	200 TD
Single room supplement	30 TD/night

• For academic and industrial members, an amount of 20 DT (membership 2020-2022) will be requested at the reception.

* Participants from outside Tunisia

	Maghreb countries	Other countries
Academic	350 €	500 €
Accompanying Person	250 €	250 €
Children (4 to 12 years, staying in parents' room)	150 €	150 €

The TCS is planning to incorporate a social program that includes an excursion to some touristic places for participants from outside Tunisia
